Boy Scout Fund Drive Goal Set At \$3,500 For County

Active solicitation is now underway throughout the county in the 1966 Boy Scout finance drive.

With a goal of \$3,500, more than 55 volunteer campaign workers are seeking support for the local scouting program.

The campaign was launched last Thursday evening at a kick-off dinner for workers. The drive is slated to run through October 1.

Commenting on the local phase of the annual Wabash Valley Council fund-raising effort, general chairman Charles Johnson said: "We are counting on the community to lend its generous support again this year. Surely nothing is more important to the future of our town, state or nation than the development of our young people to become the leaders of tomorrow. Scouting is certainly one of the finest opportunities afforded our boys to learn the skills, attitudes and responsibilities of leadership. But the program requires money to operate and provide this opportunity."

"I hope every individual or business contacted during this campaign will give willingly and generously, keeping in mind that it is an investment in the community's most precious resource—our youngsters."

Participants in the kick-off dinner program included Scouts Dale Smith, Scott Jones, Larry Weston and Scoutmaster Elton Weston of Troop 43; Cubs Dan and Eric Lozin, Brad Harvey, Brian Hathaway, Randy Jones and Don Mother Mrs. Burke Coyner of Pack 90; and Explorer Scout Paul Jenner and Leader Murray Lewis of Post 99.

Amos Thomas, chairman of the Kenabegwin District, and John Thomas, a member of the Wabash Valley Council executive committee, were also on hand to outline the fund drive objectives.

In addition to the team captains and division leaders announced earlier, chairman Johnson listed the following men who are serving as volunteer workers: Clarence Wiekert, Bob Knauer, Richard Hoskins, Don Gobert, Harold Mason, Wayne Lewis, Michael Petro, Bob Jackson, Don Kiger, Kenneth Kersey, and John Brackney.

Also John Long, Bill Jackson, John Franklin, Abe Walton, Dale Detro, Bill Alexander, Keith Bittle, Alfred Losin, Harry McClain, Fred Brooks, Burke Coyner, Bob Eccles, Joe Dowty, Ben Hoover, Jonathan Houck, Kenn Wagoner and Bruce Collins.

Jim Findlay, Jack Foxen, Dwight Ling, Bob Newton, Lowell Mize, Tom Davis, Jack Morrill, Jim Gammon, Forest Fuller, Ned MacPhail, Vince Serpa, John Eigenbrodt, Arthur Carkeek, Norman Knights, Harry Moore, Dan Rattray, Bill Voltmer, and Perry Rush, campaign treasurer.

Resigns Post
Mrs. Charles Rector Jr., in deference to the non-partisan policy of the League of Women Voters, has resigned her post on the League's Board of Directors. This fall Mrs. Rector's husband, Charles Rector Jr., was appointed County Coroner to fill out a term vacated by Dr. James P. Stephens.

As a member of the Board of Directors of the League of Women Voters Mrs. Rector was Chairman of the Committee for the local item in the Comprehensive City Plan for Greencastle. Though Mrs. Rector will no longer be able to serve in this capacity, she will still remain a member of the League of Women Voters.

Enrollment At DePauw 2,427

Enrollment at DePauw University ten days into the first semester reads 2,427, up approximately 17 students from the same point last year.

Registering gains in the slight overall increase are every class but the freshman which is 74 below last year's first semester enrollment of 788.

Biggest gain was chalked up in the junior class whose total number climbed from 476 to 536 this fall. The senior class increased slightly from 434 to 440 and the number of sophomores climbed from 630 to 653.

The number of graduate students increased by one to 54 while special and irregular students dropped from 39 to 35.

By colleges and schools the College of Liberal Arts increased from 2183 to 2210, the School of Music decreased from 102 to 87 and the School of Nursing was down one from last year's 82.

Men outnumber women 1303 to 1124 in the early semester report.

Talk About Weather

GENEVA UPI — More than 100 scientists and experts in instrument technology began talks here Tuesday aimed at establishing a world-wide network of weather stations.

The conference, sponsored by the World Meteorological Organization, will consider expanding automatic weather stations in remote regions of the world with data from the stations to be transmitted in code by radio and cable to computers for analysis.

"They gave us the same old deals we've always been getting," said Mrs. David Carr of Houston.

Much of the state's largest

delegation joined the walkout. Some members broke out signs calling for the reelection of Sen. John Tower, a conservative Republican.

The walkout followed an offer from party leaders to give the liberal faction only half the eight seats they thought they were entitled to on the executive committee. Conservatives

got the rest.

The liberals frequently take walks at Texas Democratic conventions.

However, this revolt may spell trouble for the Democratic senatorial nominee, Texas Atty. Gen. Waggoner Carr.

"I imagine our folks will be more inclined to go fishing election day," said Mrs. Carr, who

is no relation to the candidate.

"If I were Waggoner Carr, I would be getting awful concerned . . ."

Carr dismissed the walkout, saying they "were not supporting me anyway."

Although Carr might bear the brunt of liberal disfavor, their major fight remains with Connally.

Connally, seeking reelection to his third term, is considered unbeatable in Texas. His aides control all major state positions.

The Democratic convention Tuesday wrote a platform almost exactly as requested by the governor. It all but ignored a liberal plea for a state minimum wage. Currently the state has none.

Temperatures were near normal across much of the country. It was cool in the Northeast and above normal from the Pacific Coast to the Western Plains.

Early morning temperatures ranged from 32 at Montpelier, Vt., to 84 at Needles, Calif.

Many Yanks Owe Lives To A Scout Dog

AN KHE, South Viet Nam UPI—A scout dog named "Tiger" is dead but there are a lot of Americans alive today in this U.S. 1st Air Cavalry Division camp who would not be if the German shepherd had not sniffed out a Communist ambush force.

Officers of the 1st Cav credit the dog with alerting a 200-man American company to the presence of 300 North Vietnamese troops lying in ambush in the Central Highlands 250 miles north of Saigon.

It was during Operation Paul Revere and troops of "A" Company, 2nd Battalion, 12th Cavalry had moved about 1,000 yards into enemy territory on a search and destroy mission.

Tiger and his handler, SP4 Jerry L. Brown of McComb moved ahead of one 45-man platoon. SP4 Thomas J. McCarren was about 25 yards away leading another platoon with his scout dog.

Witnesses said Tiger caught the scent of trouble ahead and pulled up short of what later proved to be Communist positions only 75 to 100 yards away.

"Brown pushed a sergeant and another man out of the way of massive automatic weapons fire as a squad was coming up on line," McCarren said. "He then got up to pull Tiger to safety and caught a slug in his right hip."

"But it was too late—seconds earlier Tiger had been killed instantly by the first of seven bullets found in him later, along with a lot of shrapnel."

The Americans called in rocket fire from helicopters along with artillery and napalm, inflicting heavy casualties on the North Vietnamese regulars.

"A captured North Vietnamese soldier said there were 100 of them waiting for us and 200 more in the area," said Capt. Bruce E. Wilson.

Lt. Teddy D. Hampton said (Continued on Page 2)

Adult Courses To Be Offered

Registration for the fall semester of the Adult Education Program is Wednesday, September 28, at 7 p. m., in the Senior High School Library.

The Greencastle Community School Board and staff present this service to the adults in Greencastle and Putnam County for those who desire to improve themselves or pursue a recreational interest.

The program is divided into Business, Trade and Industrial, Home Making, Self Improvement, and Hobby and Recreational areas. Each area has several courses that should appeal to enrollees for a pleasant evening at school.

The class for high school completion, taught by Mr. Brooks, will again be offered. About four or five finish high school requirements each year in this program.

Activities for the weekend are in charge of Karl Neumann, Sixth District Vice President and Secretary of the local lodge.

Saturday at 7 p. m., the banquet will be held at Torr's Restaurant for all members, officers, candidates and their ladies. For reservations contact the Lodge Secretary or Club Steward.

Sunday morning, breakfast will be served starting at 9 o'clock with a class enrollment at 11 a. m. The degree work will be given by the Bloomington ritual team. Supreme Secretary Weis will be the speaker for the enrollment. Candidates are expected from all lodges in the district.

The campaign organization is now being completed and citizens of this community will again be asked to help generously in meeting the local quota.

The word is go to implement a Master Plan. That is the result of the action taken by the Putnam County Planning Commission at their regular meeting in the Courthouse, Monday.

William Alexander made a motion, seconded by Elmer Smiley, to request the State Department of Commerce to start the necessary action to implement planning assistance for Putnam County.

This action came after Chairman Alan Stanley notified the Commission that the County Commissioners had approved the \$676 needed as the county's share of the total funds.

The \$9,000 of the total \$9,676 was in the Planning Commission's budget last year, so the county's portion of the total project cost of \$33,333.00 is now complete. A Federal grant will pay \$22,222.00 and the State will contribute \$1,435.00.

The State will, upon request of the County Planning Commission, now review the application and forward it to the Department of Housing and Urban Development in Chicago for their inspection.

If their response is favorable, the State Department of Commerce then will enter into a contract with the Planning Consultant and work will commence on the survey.

The next meeting date for the Planning Commission will be October 17.

Library Board Holds Meeting

The Greencastle-Putnam County Library Board held the regular monthly meeting at the Public Library on Monday evening.

During the routine business session, claims for \$2730.46 were allowed.

The librarian reported the circulation for August as 5403 books. Seventy-five new books had been added to the book collections and seventy-one borrowers were registered. Two city teachers had visited the library during the last days of August to get book collections for their rooms at school.

The Library Board employed Mrs. Margaret Neese as a new library assistant. Mrs. Neese begins her duties immediately.

Discussion on the question of whether the spring District Library Meetings would be more convenient for Library Trustees if held in the evening instead of in the daytime, proved rather undecided, but a majority favored the evening meetings. Mrs. Eric Boesen of the Greencastle Library Board is the Secretary - Treasurer of the Library District III Officers, and will help to plan the programs for next spring.

Students Stage Anti-Red March

JAKARTA UPI — Four thousand anti-Communist high school students Tuesday defied a military ban on demonstrations and drove through the streets in trucks demanding the ouster of President Sukarno.

The students also demanded a trial for Sukarno's second wife, Madame Hartini, for allegedly conspiring in last October's abortive Communist coup.

Military police did not enforce the demonstration ban and let the students pass unmolested.

Today's rally was billed as a meeting to mourn the death of a high school student action front KAMI member killed in the West Sumatra capital of Bukitting last week.

He was shot while scribbling anti-China slogans on a wall in the Sumatran city. Anti-Chinese sentiment, already high, was sparked to fever pitch by the incident.

U.S. Is Granted An Interview

MOSCOW UPI —The Soviet Union has granted American officials permission to interview an American Peace Corpsman arrested by Soviet border guards Sept. 11, it was announced Tuesday.

Georgie Kornienko, chief of the American section of the Soviet Foreign Ministry, told embassy officials that Thomas Dawson, 24, Annapolis, Md., was in Baku.

American officials said Harlen Moen, chief of the U.S. Embassy consular section, would go Wednesday to see Dawson, who was arrested on the Soviet-Iranian border.

The Soviet Union earlier told embassy officials it was investigating Dawson's case as a possible border violation—a charge on which trial and conviction might result in a jail term of up to three years.

David Osterberg, another American Peace Corpsman with Dawson at the time of his arrest, said the American youth was strolling on the beach looking for sea shells when he was seized by Soviet police.

Happy Human Relations Key To Achieving Goals

By ROBERTA ROESCH

Now that the new push that comes with fall heads you toward new goals, get your human relations program in top-notch working order.

This is of first-rate importance, whether the new opportunities you face in the weeks ahead are home-based, community-based or job-based. Few things will help you succeed as much as getting along with people.

Plus From The Minus

Clean house today in your personal human relations department by separating the plus from the minus in your personality traits. Once you've made a clean sweep of your faulty traits, pursue your good ones as much as you possibly can.

Draft Standards Will Go Down

WASHINGTON UPI—Mental standards for the draft will go down Oct. 1, increasing the number of men available for military service by 20,000 annually.

In announcing the revision of standards Tuesday, the Pentagon also said additional steps would be taken in early 1967 to qualify another 20,000 registrants who otherwise would be deferred in the 1-Y category.

The 1-Y category is for men who would be "qualified for service only in time of war or national emergency" and covers deferments for both mental and physical reasons.

The Pentagon action was a followup to Defense Secretary Robert S. McNamara's announcement Aug. 23 of plans to take in 40,000 mentally or physically sub-standard men by next June 30 and 100,000 a year thereafter.

At that time, McNamara linked his action to the war on poverty and described the Armed Forces' education system as a potentially important tool in that effort.

Admiral To Korea

SEOUL UPI—Rear Adm. Donald G. Irvine will succeed Rear Adm. Woodrow W. McCoy on Oct. 3 as commander of U. S. Naval Forces in Korea and chief of U. S. Naval Advisory Group to the South Korean navy, it was announced Tuesday.

First, give people sincere compliments and go the extra mile in being courteous.

Second, show your employers and business associates that you can keep a confidence.

Third, curtail fault-finding and criticism. If years of indulging in this bad habit have made it as natural to you as breathing, give yourself and the people surrounding you some sort of visible prop that reminds you that fault-finding doesn't pay.

Example To Follow

As one forceful reminder, you might follow the example of Theodore Roosevelt's daughter, Mrs. Alice Roosevelt Longworth. I am told, she has always called a halt to fault-finding in her home by serving her guests afternoon tea as she sits by a chair with a pillow that says: "If you can't say something good about someone, sit right here."

Fourth, practice tact and avoid sarcasm and petty arguments from the time you get up in the morning till the time you retire at night.

Fifth, listen to other people and eliminate the triple fault

of interrupting, doing all the talking yourself and insisting on the last word. You may end up with the last word, but you won't end up with friends.

Sixth, build patience, kindness, generosity and tolerance in your personality. Try to sit where other people sit and see things as they see them.

Seventh, know when to say I'm sorry, excuse me, I was wrong, and thank you.

Eighth, practice these ground rules for getting along with people every day of your life. When you do, you will find that you can go far with new opportunities this fall.

LBJ Signs Bill On Parcel Post

WASHINGTON UPI—President Johnson has signed legislation that will double the weight and increase by a foot the limits on packages that may go between distant first class cities by parcel post.

The legislation also increases parcel post rates on the average of two cents a package.

The measure, designed to reduce a burgeoning parcel post deficit since size and weight limits were cut back in the 1950's, will not take full effect for five years.

At the end of that period, parcels mailed between first class cities 150 miles or farther apart may be as heavy as 40 pounds and as big as 84 "combined" inches. The present limits between distant large cities are 20 pounds and 72 inches.

The weight limit will go to 25 pounds next July 1, to 30 pounds a year later, and to 40 pounds July 1, 1969. The size limits will increase to 78 inches July 1, 1970; and to 84 inches on July 1, 1971.

The present limits of 70 pounds and 100 inches on parcel post mailed between smaller cities or rural points is unchanged by the new law.

Announces Price Increases

DETROIT, Mich. UPI—Ford Motor Co. flouted President Johnson's appeal for price restraint Tuesday by becoming the first of the "big four" automakers to announce an increase in car prices.

General Motors Corp. and Chrysler Corp. were expected to make similar increase announcements within a week. American Motors Corp. said its price announcements were "some time away."

Ford said its increases included flat price raises averaging \$25 per car, plus varying amounts for other improvements, including safety features.

The increases figure to run from \$52 to \$347 per model, contrary to Johnson administration requests that carmakers hold

the price line to help fight inflation.

Neither Johnson nor Walter Reuther, United Auto Workers president, who earlier accused the automakers of "price gouging," commented immediately on the Ford announcement.

Ford cited rising labor and materials costs and lower profits in 1966 as reasons for the higher prices.

"The company's 1967 model profits and rates of return will be lower than for the 1966 models," even with the price increases, a company spokesman said.

The Ford increases were even bigger than most industry analysts had anticipated. Most had forecast raises of \$50 to \$100 per model.

Board Approves New Schools

INDIANAPOLIS UPI—The State Board of Tax Commissioners announced approval of a lease-rental agreement which will clear the way for construction of a high school at Monticello and a junior high school for Idaville and Burnettsville.

The commission turned down a remonstrance filed against the proposed agreement between the Twin Lakes School Corporation of White and Carroll Counties and the Twin Lakes School Building Corp. The corporation plans to finance two new schools by the lease-rental method.

Tropical Storm Hallie Spawned

NEW ORLEANS UPI—Tropical storm Hallie was born Tuesday in the extreme southwestern Gulf of Mexico, the area that spawned killer hurricane Audrey in 1957.

A Navy reconnaissance plane found Hallie fully formed and packing winds up to 50 miles per hour in squalls over a small area near the center. Gales extended outward 80 miles.

A weather Bureau's advisory placed the storm near latitude 21.5 north, longitude 95.4 west, or about 160 miles southeast of Tampico, Mexico, Tuesday night.

Hallie-eighth tropical storm of the season was expected to

The Daily Banner, Greencastle, Indiana
Wednesday, September 21, 1966

remain about stationary through the early hours of Friday, perhaps drifting a little to the southeast.

Some intensification was expected.

The New Orleans Weather Bureau described Hallie as a very small storm, hardly comparable with Audrey.

Audrey struck northeastward and slammed into the southwest Louisiana coast, killing 390 persons in the town of

Cameron, La., and virtually destroyed the community.

However, a forecaster said there is no reason to expect Hallie will become as violent as Audrey.

COATESVILLE NEWS

by Joe Davidson, Correspondent

David Callahan, 18 years old of Plainfield lost control of his motorcycle Sunday afternoon and was killed where the road forks southeast of Stilesville. The body was picked up by the Weaver ambulance and brought to Coatesville but was later taken to Plainfield.

Mr. and Mrs. Carl Crawford from near Thorntown were Sunday afternoon callers at the home of Mr. and Mrs. Ollie McCloud and Mr. and Mrs. Jack Bottorff.

A report comes that Mr. and Mrs. Jewel Stringer have sold their Blue Bell restaurant located on Road 36 West of New Winchester.

Mrs. Edna Smith has entertained the following callers in her home over the weekend: Mr. and Mrs. Roy Shoemaker, Mrs. Gwendolyn Huffman and maker and children of Fillmore; Mr. and Mrs. Johnnie Shoe; Mr. and Mrs. William Alsop of Indianapolis, Mrs. Cordelia McCullough and Janice of Canaan and Mr. and Mrs. Russell Shoemaker of Greencastle.

Mrs. Elizabeth (McNary)

Stenger of Orlando, Florida is spending several days with her mother, Mrs. Eva McNary and with her brother & wife, Mr. and Mrs. Artie McNary of Fillmore.

Monday morning Mrs. Stenger, Mrs. Eva McNary and Mrs. Helen McNary were callers at the home of Mr. and Mrs. Joe Davidson.

Wednesday was the Kenny Edwards sale at his farm on the south edge of town. A large crowd was in attendance and most of the goods offered for sale commanded fair to very good prices. Flowered dinner plates brought \$1.25 each and

a farm dinner bell with support for hanging was bid in at \$34.00. Mr. Fay Robinson had a number of pieces of antique furniture in the sale and each went at a good price.

The snow white, half grown kitten belonging to the King children was run over by a car or truck Wednesday morning. When Mrs. King saw it she ran into the street to carry it to her yard and in the kitten's dying moments it inflicted some long and bloody marks upon Mrs. King's hand and fingers.

South Milton Street is "Death Alley" for cats and dogs and has been for several years.

An English professor of Indiana University once said, "Start your novel reading by selecting a good author like Thomas Hardy, Victor Hugo or Mark Twain and read everything the author has written. Then you begin to have a notion of the author, his style, his characters and his worth."

The local library can help you with your start. Please note: "Children who are library users seldom become school dropouts."

The children of Coatesville and vicinity did 63 per cent of the reading for the month of August, adults 37.

A community Kindergarten will start Monday, Oct. 3, at 8:15 a.m. and hold each day until 11:15. The class room will be as last year in the basement room of the public library. On the first day of school parents are requested to stay with their children. For further information interested parents should contact Mrs. Clifford Phillips.

The Coatesville Auction that has attracted crowds each Saturday evening will be closed for an undetermined period because of the illness of the proprietor, Jewell Stringer.

Reverend and Mrs. John Deal have returned from a two

week's vacation trip that took them eastward through Ohio and as far as Niagara Falls New York. They had an interesting visit to an Amish settlement during their trip and on their return home they made a stop over in Detroit and visited the Ford Museum in nearby Dearborn.

This would be an excellent time for any one interested in our Federal Constitution to get John Fisk's copy of "The making of the Constitution" and read his interesting account of the great characters who brought this noted document into

reality back in 1787. George Washington was chosen as Chairman of the convention that framed the Constitution and he implored all members from the beginning of their work to write a document to which the good and honest might repair and something that would never shame the makers.

Benjamin Franklin was the oldest and one of the most experienced of the convention members and Alexander Hamilton was the youngest.

Our Constitution has a birth-

day coming up September 17. This was the date of its adoption 179 years ago. The first state to ratify it was Delaware and the last was Rhode Island.

One of the last things that came up before the Constitutional Convention adjourned was a never-to-be forgotten remark by the aged Franklin: He stated that during the long days of labor on the Constitution he had often looked at a sun painted on the back of Mr. Washington's chair and had wondered if it were a rising or a setting sun. "Now," said he, "I know that it is a rising sun." His prophecy has proven true.

The Cross Country run this

week in which Greencastle, Danville, Edgewood and Cascade High school's participated was won by Greencastle with 32 points. Cascade was second with 42 points and Wingler was the sixth man in home. Danville was third with 79 points and Edgewood last with 84.

Cascade was in a Cross Country meet with Decatur Central this weekend and lost to the Marion County school by a score of 19 to 44.

Cascade junior high school defeated Mooresville this week at the cadet field by a 13-7 score. Hurrah junior high!

The Cascade football squad

was host Friday night to Park School of Indianapolis. The game was tough all the way as both teams seemed evenly matched. The Cadets were first to score and held a six point edge from the first quarter until the last seven seconds of the game. An old saying is still true that "a game is never over until the gun fires or the whistle ends it" So it was at Cascade. In the seven seconds left on the clock a Cadet pass from center was tossed low and bounded behind the goal where a Park School player pounced on the ball for a touchdown. The game ended in a 6-6 tie.

On Sunday, September 11, Mr. and Mrs. Clyde Masten celebrated their 50th wedding anniversary. The assembly room of the Civic Building was used since a large crowd attended from both near and far. Mr. Masten has been known as a farmer, a farm auctioneer, politician and auto salesman and over the years he and his wife Jennie have acquired a wide range of friends who came to congratulate them on their golden anniversary.

Mr. and Mrs. Jack Bottorff had as their dinner guests Sunday, Mrs. Frankie Dye of De-

troit, Mrs. Gertie Coble and son Emory Rector of Stilesville.

Mrs. June King and daughter, Joyce were in Ellettsville Saturday where Joyce took part in a big twirling contest. Twirlers from several counties were to take part.

BUSINESS HIGHLIGHTS

WASHINGTON UPI—Industrial output rose in August while personal income made the biggest advance of the year, government reports showed. The

The Daily Banner, Greencastle, Indiana
Wednesday, September 21, 1966

first Medicare payments swelled personal income so that it spurred \$5 billion to a seasonally adjusted annual rate of \$585 billion. Industrial output rose to 158.3 per cent of the 1957-59 average from 157.4 per cent in July and 144.5 per cent a year earlier.

PITTSBURGH — U.S. Steel Corp. announced it will build an 84-inch cold rolled sheet mill at the Irvin works near Pittsburgh. The mill will cost \$150 million and will double output of cold rolled sheet.

SALT LAKE CITY — Independent Coal & Coke Co. has called off its merger negotiations with Westec Corp. of Houston.

SAN FRANCISCO — Foremost Dairies announced it has won control of McKesson & Robbins, Inc., in its latest tender offer. The company said it would buy on a pro rata basis 550,000 of about 1,235,000 shares tendered at the \$53 offering price and that this would give it 51 per cent of the big wholesale drug firm.

Pope Denounced In Red China Editorial

TOKYO UPI.—Communist China has denounced Pope Paul VI as "that mouthpiece of the reactionary classes."

An editorial in Red Flag, the main ideological journal of the Chinese Communist Party, brushed aside the Pope's criticism on Aug. 31 of Red Guard attacks on Catholic nuns in China. The Pope said then, "This could appear a sign of death and not a sign of life."

The editorial praised Mao Tse-tung's zealous Red Guard teen-agers as "the shock force of the great proletarian cultural revolution" and "the symbol of the future and the hope of the proletariat."

It said "that mouthpiece of the reactionary classes, Pope Paul VI, helplessly blurted out that for them the revolutionary actions of the Red Guards were 'a sign of death...'"

Boost Veterans Pension Costs

WASHINGTON UPI.—The House passed and sent to the Senate Monday legislation that would boost non-service connected veterans pension costs by \$101 million a year against administration wishes. The Senate may raise the cost further.

The bill would, for the first time, waive all test of disability for men 65 or over. They would be presumed to be disabled and could qualify for pensions if unemployed and below income limits of \$1,800 if single and \$3,000 if married.

Cost-of-living increases averaging 5.4 per cent would also be provided for 1,830,411 war veterans, widows and children whose total benefit checks last year ran to \$1.9 billion.

Merger Planned By Two Airlines

WASHINGTON UPI.—Ozark Airlines and Central Airlines announced they will merge, subject to approval by the Civil Aeronautics Board.

It would mark the first merger of local service airlines in the U.S.

Ozark would be the surviving company and the merged airline, to be known as Ozark, would serve 99 cities in 15 states, including Indiana, Illinois, Kentucky, Wisconsin, Tennessee, Arkansas, Iowa, Missouri, Minnesota, South Dakota, Nebraska, Kansas, Oklahoma, Texas and Colorado.

Ozark currently serves 58 cities in 11 states, operating out of St. Louis headquarters, while Central operates in 46 cities in six states from headquarters at Fort Worth, Tex.

Conceal Motives To Create Entry

By Alfred Sheinwold

When you've spent a lifetime trying to take every trick in sight you might think it would be easy to give a trick away. It would be if you could avoid arousing suspicion.

When this hand was played some years ago in a New York tournament, declarer took the first trick in dummy with the ten of diamonds, cleared the ace and king of clubs out of the way and then led the jack of spades.

West, the great Harry Fishbein, had no trouble working out what was going on. If West

make game with three spades, four clubs and two diamonds.

Fishbein took a deep breath and refused to play his queen of spades. This gave South four spade tricks instead of only three, but robbed him of dummy's two club tricks. South made four spades, two diamonds and two clubs. Down one.

DREW BLUEPRINT

"It was easy," Fishbein remarked when congratulated on his fine play. "He drew me a blueprint. But he'd have had me if he took a fast spade finesse."

Suppose declarer wins the first trick in dummy with the ten of diamonds and immediately leads a spade to try a finesse with the jack. How does West know that he must refuse the trick to defeat the contract? Even Fishbein would fall for this maneuver, and South would make his contract.

South's actual play was his best average opponents, since

named superintendent of the Indiana Girls' School.

She succeeds Alfred Bennett who was relieved several weeks ago as the trouble-plagued institution's first man superintendent. Indiana Corrections Commissioner Bernard Dolnick transferred Bennett to other duties and assumed personal control of the school after one of a series of disturbances at the institution.

At that time, Dolnick transferred Mrs. Van Brunt to the school to assist him pending appointment of a new superintendent.

NEW YORK'S "TOWN 'N COUNTRY" VACATION!

The Russellville Bees have a young baseball team. "Not a senior on the team," says Coach Jim Sheese. "This year is a rebuilding year and next year we will play for keeps." Back row, left to right: Coach Gary Morton, Darrell Jackson, Kent White, Melvin Grimes, Kim Miller, Rick Carrington, and Coach Jim Sheese. Front row, left to right: Dave Carlington, Larry Everman, Kim Bushong, Kenny Cushman.

Russellville's cross country team started the season Friday by defeating Bainbridge but lost to Reelsville. Back row, left to right: Coach Jim Sheese, Mitchel Proctor, Richard Ashor, Darrell Jackson, Richard Rose, Russell Boller, Coach Gary Morton. Front row, left to right: Ronnie Higgins, Denny Shofner, Larry Everman, David Carrington, Kenny Cushman.

Hammond Morton Retains Top Spot In UPI Standings

By Kurt Freudenthal
INDIANAPOLIS UPI—Hammond Morton's mythical defending state champs and LaPorte continued to run neck-and-neck today for supremacy in Indiana high school football, with the first crucial game of the season just around the corner.

Morton, boasting a 14-game winning streak, led the UPI coaches' board ratings today for the second week in a row—the fifth week in a row over two seasons—but LaPorte's Slicers trailed by just three points.

Morton was selected first on 5 of the 10 ballots for 92 points out of a possible 100. LaPorte drew three first-place votes for a total of 89.

Balloting was for games through last Saturday.

Gary Wallace and Evansville Harrison split the two other first-place votes.

Meanwhile, two outfits made their season debut in the "Big 10." South Bend Adams and New Albany from 13th to a tie for ninth.

Morton clashed with East Chicago Washington, tied for ninth spot, in one of the week's headliners Thursday. LaPorte, after three easy victories over non-conference competition, launches its Northern Conference schedule at winless Michigan City Friday.

Indianapolis Washington remained a distant third with 62 points, but the rest of the "Big 10" positions had new occupants.

Anderson was promoted from sixth place to fourth, Gary Wallace from seventh to fifth, and Evansville Reitz from a tie for 10th to eighth.

Three other crews were demoted. Evansville Harrison, which had to settle for a 14-7 win over neighboring Memorial, slipped from fifth to seventh.

Jr. Bowling League Winter Season Starts Sept. 24

As cool weather starts to set in around Greencastle, we find ourselves drawn to the indoors. Since the younger generations do not like to sit still while in doors, their minds turn to sports such as basketball and bowling. Basketball is the favorite of the Midwest, but since it calls for ten players for competition, many boys and girls turn to bowling as a sport in which they can express and establish themselves as individualists. This is a sport in which there are no limitations for the handicapped. A handicapped person can participate and excel just as the person who is physically and mentally sound.

Saturday, September 24th, the Junior Bowling Leagues will begin their winter season. Bantams will start at 9:00 a.m., Juniors-Seniors at 11:00 a.m. and IBM at 11:00 a.m. To start the boys and girls off right this season, we would like to see all moms and dads at the lanes Saturday, backing their favorite teams and lending a hand at the scoreboards. Purdue Will Use Aerial Attack

INDIANAPOLIS UPI—Purdue football coach Jack Mollenkopf said Tuesday his club will have to rely on its aerial game to beat Notre Dame in Saturday's nationally-televized game at South Bend.

Although the Irish have yet to play—Purdue trounced Ohio University in its opener last weekend, 42-3—Mollenkopf told the first session of the Indianapolis News Downtown Quarterback Club, "Notre Dame is a big and strong team and is superbly coached."

"We know they have pretty much the same personnel as last year and play about the same defense, but their quarterback may scramble and run more."

Still, he said, it will be difficult to learn Notre Dame's new patterns in a hurry because coach Ara Parseghian will start a new quarterback, either Terry Hanratty or Coleman O'Brien, "and he has a fine pass receiver in Jim Seymour."

"I just hope we don't get so far behind early that we can't catch up," Mollenkopf said.

In answer to some criticism, Mollenkopf said he thinks Purdue's running game, which netted only 183 yards against Ohio University, "will be adequate for what we want."

"We're trying to keep the defense honest with a reasonable running game and throw the ball," he said. "After all, we have Bob Griese to do our passing, and you can't have your cake and eat it, too."

Last year, too, the Boilermakers had to resort to a passing attack to beat Notre Dame in a thriller, 35-21, Griese connecting on 19 of 22 attempts for three touchdowns.

"We had to pass last year to gain 187 yards on the ground," Mollenkopf explained.

Fillmore Defeats Granville Wells

Taking the first five places, Fillmore easily defeated Granville Wells in a dual cross country meet at Wells Tuesday evening. Miller of Fillmore had the winning time of 10:41 in leading Fillmore to victory. Fillmore 15, Wells 40.

N. Salem Wins

North Salem defeated Bainbridge and Roachdale in a 3-way Cross County meet at North Salem Tuesday. With six runners in the top 10, North Salem had no trouble in extending their winning streak. Bainbridge is now 1-1, while Roachdale has yet to score a win. North Salem 20, Bainbridge 54, Roachdale 55.

1. Peters (NS) 10:45; 2. Albin (B); 3. Kirkendall (NS); 4. Boler (NS); 5. Freshour (NS); 6. Snodgrass (R); 7. Smith (NS); 8. Weddle (NS); 9. Hughes (R); 10. Hanks (B).

TECHNICIANS

If you like responsibility—consider becoming an IBM Customer Engineer

Would you like a chance to show your skill? Here's a job that not only requires your best efforts—but will also give you the opportunity to expand your skills and acquire new ones through training. The title? IBM Customer Engineer.

If you qualify, you would enter a training program at full salary. Next, you would work in one of the fastest-growing areas of electronics today: information handling and control.

You would be one of a group of Customer Engineers who install IBM data processing systems in customer offices. You would keep them functioning at peak performance at all times. And you would deal directly with customers as IBM's service representative. In this position, you could grow into greater professional responsibility with the growth of the industry itself.

What are the qualifications for being an IBM Customer Engineer? A mechanical aptitude, plus a good knowledge of basic electronics. A minimum of two years of technical school or the equivalent experience. And a winning way with people. If you think you would like this kind of a job—with plenty of responsibility—we would like to hear from you. Call or write for a personal interview.

Everybody's playing Marathon's exciting new football game.

60,000 winners.
\$225,000 in prizes.

If you're old enough to drive, you're old enough to play Quarterback, Marathon's exciting new football game. Play for big cash prizes. \$1,000. A fabulous Rose Bowl trip. \$225,000 worth of prizes in all.

The rules are simple. Stop at any participating Marathon dealer's and pick up your signal and field cards. They're free. No purchase necessary. Match the numbers on your signal card with those on the field card. If they match, you score.

Then try your skill. Answer a couple of football questions on the back of the card, and mail it in. You don't have to be a football expert to win.

The more you play Quarterback, the more

chances you have to win. Play as often as you like. Get a new signal card every time you come in. Winners every week in every participating Marathon station (there are surprise consolation prizes, too).

Check with your Marathon dealer for details. Everybody's playing Quarterback. Play along. It's the game that could win you a "little extra cash." Like a thousand dollars.

WIN \$1,000.00 CASH

Catch this.

Marathon's got a special offer. The handsome Rawlings all-leather football. This rugged football, official size and weight, is just \$3.00 plus tax with a gasoline purchase. The Rawlings football was so popular last year that we sold them all. So, if you missed your chance to pick one up, we've got 'em again.

Remember, you don't have to purchase the football or anything else to play Quarterback!
